Letter of Recommendation

I am pleased to recommend **Mr. Heemaal Jaglan** (UID: 22BCS14205), a student of the Bachelor of Engineering in Computer Science & Engineering at Chandigarh University. I have known him in my capacity as the Assistant Director, Department of Computer Science & Engineering, and have had the opportunity to observe his academic performance, technical capabilities, discipline, and professional attitude throughout the program.

During his academic journey, he has consistently demonstrated strong analytical thinking, problem-solving ability, and a keen interest in emerging technologies. He has shown dedication toward academics as well as practical implementation of concepts through projects, technical activities, and collaborative work.

He possesses a strong understanding of technical domains such as Database Management, Data Analytics, Data Visualization, Dashboard Building, Machine Learning, and Data Storytelling. He has consistently demonstrated the ability to apply these skills effectively through academic projects and practical implementations. Apart from his technical proficiency, he has also displayed excellent presentation, communication, leadership, and teamwork skills, along with the ability to work efficiently in collaborative environments.

He has demonstrated a proactive learning attitude and a strong commitment toward improving his technical and analytical skills. He has shown the ability to work independently, adapt to new technologies efficiently, and contribute positively through project work and technical activities. His dedication toward continuous learning and practical implementation reflects his potential for future academic and professional growth.

Based on my observations and interactions, I strongly believe that **Heemaal Jaglan** has the potential to excel in higher education/professional opportunities and make meaningful contributions in the field of Computer Science & Engineering. I am confident that he will prove to be a valuable addition to your esteemed institution/organization.
